

REMARKS

In accordance with the foregoing, claims 11 and 16 have been amended. Claims 6-19 are pending and under consideration.

The Examiner objects to claim 11. Claim 11 has been amended to address the objection.

Claim 16-19 are provisionally rejected for obviousness-type double patenting. The Examiner indicates that a timely filed terminal disclaimer can be used to overcome the rejection. A terminal disclaimer, together with the appropriate fee, is enclosed herewith. In view of the terminal disclaimer, is submitted that the rejection should be withdrawn.

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited.

Finally, if there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters.

If there are any additional fees associated with filing of this Amendment, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
